KRAKEN APD6/A INTEGRATED AMPLIFIER

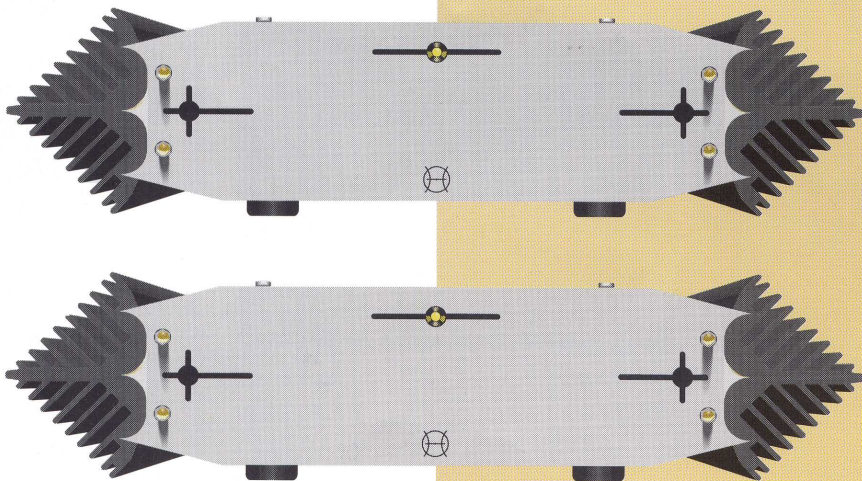

Class A integrated amplifier. The Kraken has set new standards of design and performance at a realistic price. There are five inputs, one of which can be converted for moving magnet cartridges. The external PSU can be upgraded so that each side of the amplifier has a dedicated power supply. The Kraken might be small, but it breathes fire.

KRAKEN APD7/A PRE AMPLIFIER

When you've grown out of your integrated amplifier, it's time to upgrade to a pre-power system. The Kraken Pre Amp, designed to take all the simple principles of the Integrated to sonic extremes, is also electrically separated from the Power section, providing you with distortion-free signal. Optimum performance can be achieved when partnered with the...

KRAKEN APD8/A POWER AMPLIFIER(S)

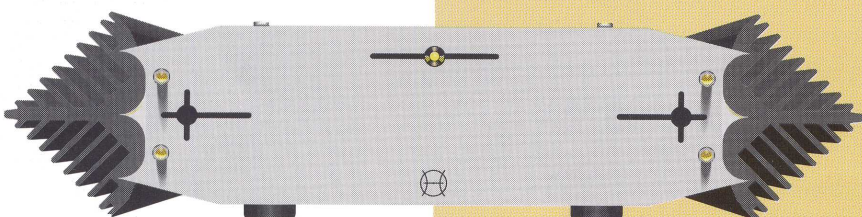

The Kraken Power is a Class A amplifier that delivers lots of clean power - sufficient to drive all but the most esoteric loudspeakers. As with the Kraken Integrated, the PSU can be upgraded so that each channel has a dedicated power supply. Of course, one day you might want more power from your system, in which case you can bridge your Kraken Power with...

ANOTHER KRAKEN POWER AMPLIFIER

Bridging is a way of connecting two Kraken Power Amps so that the total power output is more than doubled (this can only be achieved using a Kraken Pre Amp). A bridged Kraken system will not only give you lots of accurate power - it'll save you lots of money: your loudspeakers will sound better than you could ever dream of, and you can keep them for a few years yet.

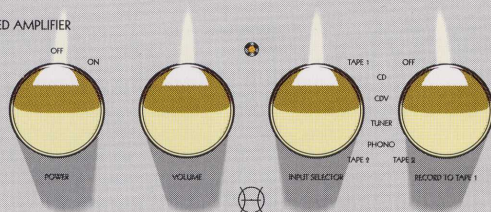

KRAKEN APD19/A MONO SURROUND POWER AMPLIFIER

As you have probably realised, we are interested in the visual aspects of hi-fi. So it follows that we are also interested in developing the hi-fi aspects of visuals, so to speak. The Kraken Mono Power Amp has been designed to run the centre channel speaker in a surround sound A/V system. A set of five amplifiers will power a Dolby Pro-Logic system.

FORSETI APD15A INTEGRATED AMPLIFIER

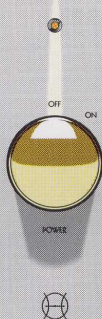

ALCHEMIST FORSETI APD15A INTEGRATED AMPLIFIER

With the Forseti range of amplifiers the emphasis is on smooth operation and smooth power. Not so much Class A, as CLASS. There are six inputs (no phono) and outputs for two tape decks. Once again Alchemist has foregone the design restrictions of lesser manufacturers, the hand-made casework reflecting the elegance of the internal electronics.

FORSETI APD20A POWER AMPLIFIER

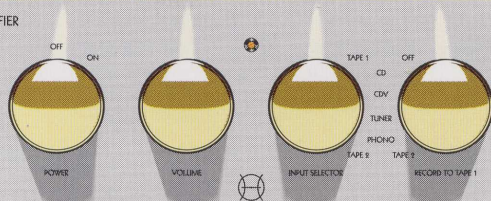

ALCHEMIST FORSETI APD20A POWER AMPLIFIER

The upgrade path for the Forseti range is as elegant as the design. The Integrated has a separate power output, so that you can double the output simply by connecting a Forseti Power Amp. This is meant as an interim measure, as even greater fidelity will be achieved when you replace the Integrated with a...

FORSETI APD21A PRE AMPLIFIER

ALCHEMIST FORSETI APD21A PRE AMPLIFIER

It looks similar to the Integrated and all the controls are the same. But the electronics are taken just that bit closer to perfection. Each component is hand picked and matched, eking out the last drop of sonic magic from an already world beating design. In fact, there's only one thing left for you to do in your quest for music of the gods...

ANOTHER FORSETI POWER AMPLIFIER

The Forseti amplifiers use two different techniques for connecting two amplifiers: Bi-amping to power the bass and treble units separately, or as Mono Blocks to drive the two channels separately. In either case, a full Forseti amplifier system will provide your loudspeakers with pure sonic magic - and you with a set of amplifiers that just oozes prestige.

KRAKEN APD6/6A INTEGRATED

Input Sensitivity:	170mV
Output @ 1kHz into 8 ohms:	> 55 Watts RMS (Typically 60W)
Frequency Response @ 3V:	-3dB @ 100kHz
Distortion @ 15V o/p, 1kHz:	< 1% THD
Distortion @ 15V o/p, 10kHz:	< 1% THD
Residual Noise (Max. Volume):	< 1mV
Power Consumption (Idle):	50 Watts
Power Consumption (Peak Power):	100 Watts
Dimensions (W x H x D):	320mm x 85mm x 250mm
Weight (Packed):	APD6: 7.5kg. APD6A: 10kg

KRAKEN APD7/7A PRE

Frequency Response @ 0.8V o/p (0dB):	Flat 20Hz - 55kHz (-3dB @ 105kHz)
Channel Separation:	> 90dB
Distortion @ 1kHz @ 1V Output:	< 0.1% THD
Distortion @ 10kHz @ 1V Output:	< 0.3% THD
Residual Noise:	< 2mV
Power Consumption:	15 Watts
Dimensions (W x H x D):	320mm x 85mm x 250mm
Weight (Packed):	7kg

KRAKEN APD8/8A POWER

Input Sensitivity:	950mV
Output @ 1kHz into 8 ohms:	> 55 Watts RMS (Typically 60W)
Frequency Response @ 3V o/p:	-3dB @ 100kHz
Distortion @ 15V o/p, 1kHz:	< 1% THD
Distortion @ 15V o/p, 10kHz:	< 1% THD
Residual Noise:	< 1mV
Power Consumption (Idle):	50 Watts
Power Consumption (Peak):	100 Watts
Dimensions (W x H x D):	320mm x 85mm x 240mm
Weight (Packed):	APD8: 7.5kg. APD8A: 10kg

KRAKEN APD19/19A MONO POWER

Input Sensitivity:	950mV
Output @ 1kHz into 8 ohms:	> 55 Watts RMS (Typically 60W)
Frequency Response @ 3V o/p:	-3dB @ 100kHz
Distortion @ 15V o/p, 1kHz:	< 1% THD
Distortion @ 15V o/p, 10kHz:	< 1% THD
Residual Noise:	< 1mV
Power Consumption (Idle):	50 Watts
Power Consumption (Peak):	100 Watts
Dimensions (W x H x D):	320mm x 85mm x 240mm
Weight (Packed):	APD17: 7.5kg. APD17A: 10kg

KRAKEN APD8/8Ax2 BRIDGED POWER

Input Sensitivity:	950mV
Output @ 1kHz into 8 ohms:	150 Watts RMS
Frequency Response @ 3V o/p:	-3dB @ 100kHz
Distortion @ 15V o/p, 1kHz:	< 1% THD
Distortion @ 15V o/p, 10kHz:	< 1% THD
Residual Noise:	< 1mV
Power Consumption (Idle):	60 Watts
Power Consumption (Peak):	120 Watts
Dimensions (W x H x D):	320mm x 85mm x 240mm
Weight (Packed):	APD8: 7.5kg. APD8A: 10kg

FORSETI APD15A INTEGRATED

Input Sensitivity:	170mV
Output @ 1kHz into 8 ohms:	100 Watts RMS
Frequency Response @ 3V:	-3dB @ 92kHz
Distortion @ 15V o/p, 1kHz:	< 0.085% THD
Distortion @ 15V o/p, 10kHz:	< 2% THD
Residual Noise (Max. Volume):	< 2mV
Power Consumption (Idle):	100 Watts
Power Consumption (Peak Power):	370 Watts
Dimensions (W x H x D):	465mm x 95mm x 390mm
Weight (Packed):	15kg

FORSETI APD21A PRE

Frequency Response @ 0.8V o/p (0dB):	20Hz - 20kHz (-3dB @ 75kHz)
Channel Separation:	> 101dB
Distortion @ 1kHz @ 1V Output:	< 0.03% THD
Distortion @ 10kHz @ 1V Output:	< 0.035% THD
Residual Noise:	< 0.7mV
Power Consumption:	25 Watts
Dimensions (W x H x D):	465mm x 75mm x 390mm
Weight (Packed):	12kg

FORSETI APD20A POWER

Input Sensitivity:	170mV
Output @ 1kHz into 8 ohms:	150 Watts RMS
Frequency Response @ 3V o/p:	-3dB @ 92kHz
Distortion @ 15V o/p, 1kHz:	< 0.085% THD
Distortion @ 15V o/p, 10kHz:	< 2% THD
Residual Noise:	< 2mV
Power Consumption (Idle):	100 Watts
Power Consumption (Peak):	300 Watts
Dimensions (W x H x D):	465mm x 135mm x 390mm
Weight (Packed):	22kg

KRAKEN ANNIVERSARY Range (Suffix 'A'): Supplied with Double PSU as standard

KRAKEN Range available in Hammerite Green

KRAKEN ANNIVERSARY Range (suffix 'A') available in Steel/Gold

FORSETI Range available in Steel/Gold
